

IGCSE Subject Combinations

OVERVIEW

International Stream at Pakistan School Muscat, Oman caters all kind of nationalities with equal opportunities, for their career progression as an international student. We have been enlightening them with the true essence of knowledge and enhancing their skill set to become lifelong learners. We nurture them to become good citizens capable of being adoptable by any community of diverse nationalities with effective moral and physical strengths through well planned curricular/ extra-curricular activities and to ascertain their growth as successful individuals in their lives.

MINIMUM SUBJECT REQUIREMENT:

For O level: 5 subjects Including natural and social Sciences.

A student must pick at least 5 subjects to get a certification of IGCSE O Level from Cambridge University.

Physics, Mathematics, English, Chemistry are four compulsory subjects and the fifth one is optional that is either Biology or ICT. Urdu, Islamiat, Pakistan Studies and Arabic are other additional subjects which can be opted by the students.

So the possible combinations are:

- (i) Physics, Mathematics, Chemistry, English and ICT
- (ii) Physics, Mathematics, Chemistry, English and Biology.

Additional Subjects allowed: Urdu, Pakistan Studies, Islamiat and Arabic.

For A level: Any Three subjects can be chosen by a student to get a certification from Pearson University Edexcel A level.

There is no compulsory subject in A level, but it is very important matter as this selection of subjects is directly related to their career progression that decides which direction they will go ahead after the successful accomplishment of A level so one should be keenly careful and concerned while selecting the subjects in A level.

At PSM we offer mainly three combinations of subjects:

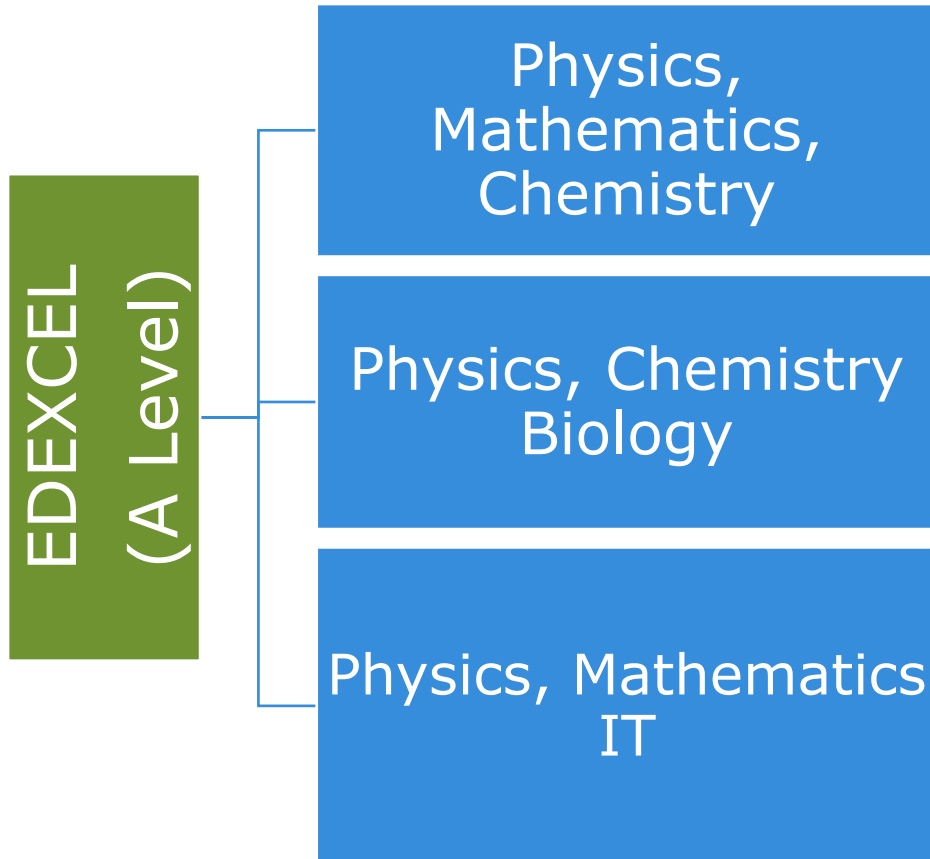

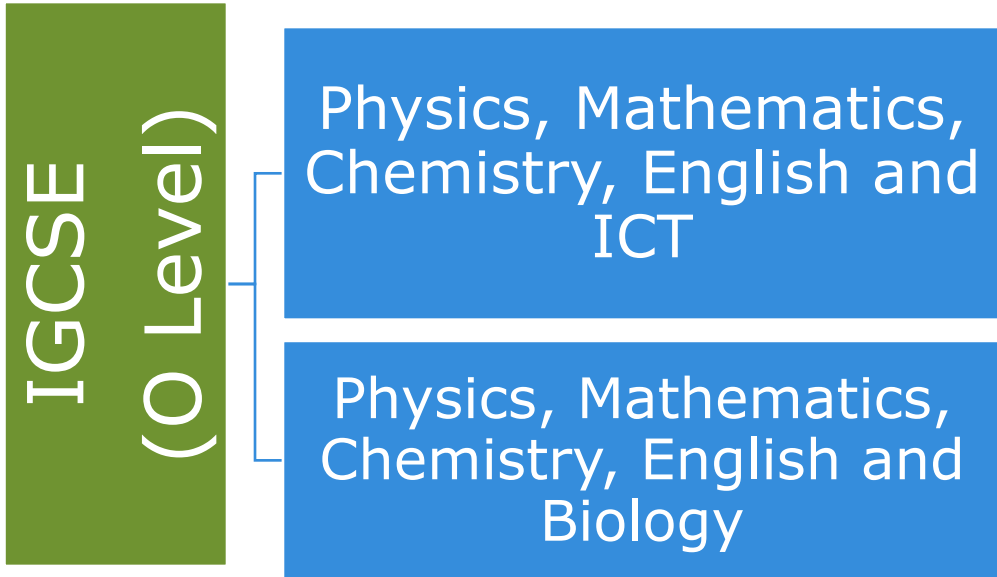

Physics, Chemistry and Mathematics

Physics, Chemistry, and Biology

Physics, Mathematics, and IT.

Any other subject can be picked up by the students as an additional subject, but Biology and IT are not offered together at PSM. Student may pick up 4 subjects like:

- (i) Physics, Mathematics, Chemistry and IT
- (ii) Physics, Mathematics, Chemistry and Biology.
